About IMA

IMA, the worldwide association of accountants and financial professionals in business, offers its members exclusive access to the CMA program. IMA is committed to helping you expand your professional skills, drive the performance of your organization, and enhance your career.

Certified Management Accountant(CMA®)

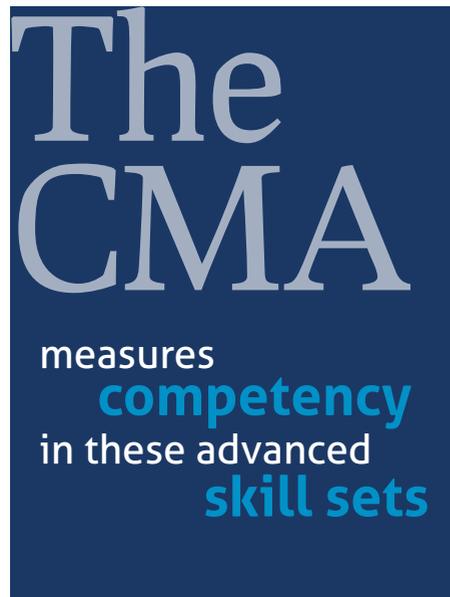

The Certified Management Accountant (CMA®) is the globally recognized, advanced-level credential appropriate for accountants and financial professionals in business. Achieving the CMA demonstrates your professional expertise in financial planning, analysis, control, decision support, and professional ethics – skills that are in demand by organizations around the world. Whether you want to enhance the value you bring to your current position, or expand your career potential, the CMA will help you set the standard for professional excellence.

The CMA credential is...

- **Prestigious** – Self-selected credential earned through testing.
- **Professional** – IMA's Salary Survey shows strong career growth and greater earning power.
- **Rigorous** – Testing, education, job experience, and continuing education requirements.
- **Empowering** – Promoting your credential allows you to become a leader in your profession.
- **Competent** – Attests proven on-the-job skills.

Measuring What Matters

The CMA program is designed specifically to validate mastery of the advanced skills required to manage finance functions within an organization, enabling you to deliver value in today's complex business environment.

Exam Structure

The CMA exam is organized into two parts, which can be taken in any order. Each exam part is four hours in length and includes 100 multiple-choice questions and two -30minute essay questions.

Candidates must register to take one exam part within the first 12 months of entering the program and must complete both exam parts within three years.

Exam Procedures and Registration

The CMA exams are computer-based and administered in hundreds of testing facilities worldwide. With three testing windows each year, you can sit for an exam part at a time and place convenient for you

January – February

May- June

September – October

Follow these easy steps to begin your CMA certification

- 1 Join IMA.
- 2 Pay the CMA Entrance Fee.
- 3 Register for the exam.
- 4 Receive confirmation of your registration, which provides your authorization number(s), testing window(s), and the Instructions for Candidates.
- 5 Schedule your exam appointment(s) with Prometric, Visit : www.prometric.com
- 6 Appear for your scheduled exam appointment(s) with the required identification documents

We passed with Gleim! Success Stories

I would like to take this opportunity to thank everyone at Gleim for the comprehensive and well organized study materials that you produce. Thanks to the Gleim CPA and CMA Review Systems, I have successfully completed the CPA and CMA exams, both within a single 18 month period. The combination of book, test prep software, audio review for my long daily commute, and online studies (inclusive of a live personal counselor), provided the information and training necessary to understand and pass the exams.

Eric Quattlebaum, CPA, CMA

I couldn't have been happier with the Gleim system. The people at Gleim are exceptionally organized and knowledgeable. Gleim really wants you to succeed! Without Gleim there is no way I would have passed both parts of the rigorous CMA examination. Gleim is the elite product on the market. Ensure your success by signing up with the best in the business.

Michael McWherter, CPA, CMA, CFE

When I started thinking about studying for the CMA exam, my friends informed me that the Gleim Review is the best for me. Personally, I prefer practice over endless reading, and the Gleim materials were perfect. I will certainly consider Gleim when planning for future certificates.

Mohammed Alarifi, CMA, Saudi Arabia
